Dear Mr Weisberg

I am sending you a check for $15.00 for a copy of your book, "Post Mortem". Keep the difference to help with your expenses. It seems that your long years of thankless investigation is beginning to bear fruit. The thing that amazes and frightens me is the tremendous pressure that was exerted to keep the lid on this brazen and manifest flim-flam. I personally feel that all branches of the government, the Executive, the Courts and the Congress, the Pentagon, the CIA the FBI, the State Dept, the national security Council were involved in the frameup and in the actual assassination. the newspapers, the Radio, the TV Channels and the publishing Companies were corralled and orchestrated to protect the Coverup. I also feel that the assassination also stole from the People the fruits of the Kennedy election. I doubt if ever again the people will control their own destiny. the quick gang-up against Mc Govern and his running mate show how quick the news media and electronic media can be corralled against a Candidate. the same forces that killed first JFK and then the brother and then flasted Mc Govern, will see to it that the people never regain Controll their government. the people will be allowed to vote for any candidate that can be "managed"; if the candidate cannot be "managed" the media will see that he is thoroughly discredited; if he is finally elected inspite of the "gang-up" by the media, then as a final recourse, it will be "bang, bang" but the government will never again belong to the people. We have reached the incredible state where a Criminal president, after being exposed, is allowed to pick his successor and in the same or some other manner ford may determine who his successor will be.
